Sailors with disABILITIES

Some of our Primary students were involved in a sailing day this week. Sailors with disABILITIES runs programs which provide opportunities for participants to experience the exhilaration of sailing, to work with and enjoy the company of others and to build the self-esteem, skills and the capability required to achieve better life outcomes through the medium of sailing. Our kids certainly enjoyed the experience – look at Jett's expression as he passes under the Harbour Bridge 😊 It was worth every minute and our intrepid sailor, Eve, didn't even get sea-sick!!
Brasserie Bread

On Wednesday, some of our secondary students went to visit an operational bakery in Botany. Brasserie Breads has been baking organic sourdough breads and supplying Sydney restaurants with their quality produce for many years. Our students were taken on a tour of the bakery and they then talked about the history and techniques of bread making. Making their own bread creations was all part of the fun!
Reminder

Next Tuesday morning (October 29th) is our Kindergarten information session and parent morning tea. Please be sure you RSVP to the school office, for catering purposes. Look forward to seeing you there 😊
